

## **DEVOTION**

**Title** Blessings from God  
**Scripture** John 1: 16  
**Message** God will put people in your life for whatever help or assistance needed for however length of time.

I was traveling with my infant son back to Rochester from a college reunion. Rushing to get to the flight with a baby and a carry-on bag became too much. I made it and was happy to finally be seated on the plane. In midair I began to feel tightness in my chest and began coughing. I asked for water so that I could take medication to relieve a pending asthma attack. "There is no water on the plane", the stewardess said. I tried to relax but worried about getting to the next flight.

Finally, exiting the plane I was moving very slowly and my breathing was labored. A husband and wife walked towards me. One took the baby the other took the bag and they slowly walked me to my gate. I was given water, took a pill and sat trying to breathe normally. I asked them about getting their flight. They were on their way home to Alaska. I was told not to worry. We said our goodbyes and they were off in the opposite direction. I was able to board my plane breathing much better. God's presence was with me and I was most grateful for the blessing that came to me during that time.

**Closing** How have you been an unexpected blessing for God.
